

CLASSIC EYELASH EXTENSIONS?

Eyelash Extensions

Eyelash extensions are a precision treatment designed to enhance the length, fullness, and definition of your natural lashes.

At **Studio T Casa Dolores**, Tanya carefully applies lightweight, individual lashes one by one to your natural lashes using professional techniques and high-quality adhesive. This creates a seamless, natural-looking finish tailored to your desired style—whether soft and subtle or more full and defined.

The Result

- Longer, fuller-looking lashes
- Enhanced eye definition
- Customised finish to suit your style
- No need for daily mascara
